Discipline	Course #	Credits	Course Name	Instructor Qualifications: Education Level, Minimum	Instructor Qualifications: Education Level, Desired	Instructor Qualifications: Certifications, Minimum	Instructor Qualifications: Certifications, Desired	Instructor Qualifications: Experience, Minimum	Instructor Qualifications: Experience, Desired	School Requirements: LAB Space	School Requirements: Equipment	Sample lesson required? (30 minutes long)	OTHER:
Building Construction	BCT103	1	Construction Hand & Power Tools	Associate degree in Construction Tech OR two-year Certificate in Building Trades OR combo of education/experience	Bachelor's in Voc/Industrial Ed; Master's in Construction-related discipline and/or Workforce Ed.			4 years	Journeyman; Master Plumber's License				
Building Construction	BCT109	4	Framing Principles	Associate degree in Construction Tech OR two-year Certificate in Building Trades OR combo of education/experience	Bachelor's in Voc/Industrial Ed; Master's in Construction-related discipline and/or Workforce Ed.			4 years	Journeyman; Master Plumber's License				
Building Construction	BCT234	5	Masonry Principles	Associate degree in Construction Tech OR two-year Certificate in Building Trades OR combo of education/experience	Bachelor's in Voc/Industrial Ed; Master's in Construction-related discipline and/or Workforce Ed.			4 years	Journeyman; Master Plumber's License				
Business	BIM120	3	Social Media in Business & Society	Business certified instructors or those with social media/marketing experience. MBA preferred.	MBA/DBA/PhD in business related area (marketing concentration)	PA Teaching Cert in business	PA Teaching Cert in business	5 years	Marketing/Social Media Experience				School needs to provide access for student to log-in to social media accounts
Business	MGT105	3	Introduction to Business	Business certified instructors or those with social media/marketing experience. MBA preferred.	MBA/DBA/PhD in business related area (marketing concentration)	PA Teaching Cert in business	PA Teaching Cert in business	5 years	Management/Leadership Experience				
Chemistry	CHM100	4	Fundamentals of Chemistry	Bachelor's degree in Chemistry or closely related discipline	Master's degree in Chemistry or closely related discipline	PA Teaching Certificate Chemistry Education	Additional college-level work in chemistry or work related experience	5 years teaching chemistry	Teaching experience in honors chemistry and AP Chemistry	must have a functional chemistry lab with gas hookups	Glassware, bunsen burners, and chemicals to perform at least 10 experiments	Yes	Must exhibit excellence in pedagogical practices.

(30 minutes long)	OTHER:
Mathematics	MTH123	3	Technical Algebra & Trigonometry I	Bachelor's in Math or closely related discipline	Master's in Math or closely related discipline; coursework in technology in instruction			Relevant teaching experience	Experience using graphing calculators and technology in instruction; background which applies math to trades;			Yes	
Medical Terminology	MTR100	1	Medical Terminology Survey	Bachelor's in related discipline; Nursing degree; Registered nurse; paramedic from accredited program									
Medical Terminology	MTR104	3	Basics of Medical Terminology	Bachelor's in related discipline; Nursing degree; Registered nurse; paramedic from accredited program									
Plastics & Polymer Technology	PPT115	2	The Plastics Industry	Associate degree in Plastics	Bachelor's degree in Plastics Technology or related discipline								
Plastics & Polymer Technology	PPT118	3	Polymer Processing Survey - Lecture	Associate degree in Plastics	Bachelor's degree in Plastics Technology or related discipline								
Political Science	PSC131	3	American Government-National	Bachelor's in Political Science or closely related field	Master's in Political Science or closely related field							Yes	
Political Science	PSC141	3	State & Local Government	Bachelor's in Political Science or closely related field	Master's in Political Science or closely related field							Yes	
Psychology	PSY111	3	General Psychology	Bachelor's in Psychology or closely related discipline with significant coursework in Psych	Master's in Psychology or closely-related discipline; coursework in using computers in instruction			Relevant teaching experience, preferably at the college level, or closely related practical work in education	Experience using computers in instruction			Yes	
Sociology	SOC111	3	Introduction to Sociology	Bachelor's in Sociology or closely related discipline	Master's in Sociology or closely-related discipline							Yes	
Welding	WEL119	4	Shielded Metal Arc Welding	Associate or Certificate degree in Welding	Bachelor's degree in Welding Engineering, Welding Tech, or related discipline			Three years of related welding experience	Five years of teaching and/or industrial experience in welding
