

SOLIDWORKS USERS GROUP

PRESENTATION: *SOLIDWORKS Tips and Tricks From SOLIDWORKS User Group Leaders*

Featuring: Dan Wagner

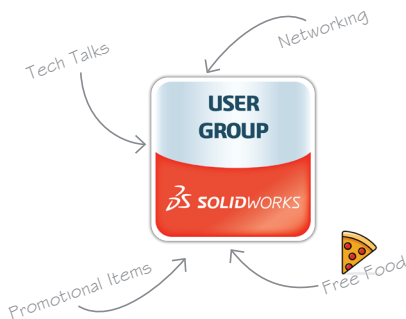

Manager - **SOLIDWORKS User Group Network**
Dassault Systemes SOLIDWORKS

Presentation Description:

The SOLIDWORKS User Group Network (SWUGN) is run by some of the strongest SOLIDWORKS users in the community, some of whom have been using SOLIDWORKS for over 25 years. We asked the SWUGN leaders to share some of their favorite tips and tricks. In this session, we will relay those tips to the SOLIDWORKS Community and give shout-outs to the amazing SWUGN leaders who provided them.

Presenter Bio:

Dan spent over 12 years at a SOLIDWORKS reseller as an Application Engineer, SOLIDWORKS Instructor, and Technical Support Manager. He supported SOLIDWORKS Customers throughout North America, while earning many SOLIDWORKS Certifications, including CSWE. In 2020, Dan joined DS SOLIDWORKS as the SOLIDWORKS User Group Network Manager. H helps SOLIDWORKS users throughout the world connect with each other, share tips & tricks, and advocate for SOLIDWORKS products.

WHEN YOU ATTEND A GROUP MEETING YOU WILL:

- Learn more about SOLIDWORKS and SOLIDWORKS related products
- Hear technical presentations that will provide you and your organization with valuable, real-world SOLIDWORKS tips, tricks, techniques and more
- Network with your peers
- Win SOLIDWORKS giveaways and enjoy food and refreshments with like-minded individuals
